# IN TUNE WITH MY STORY

## A LITTLE BIT ABOUT ME

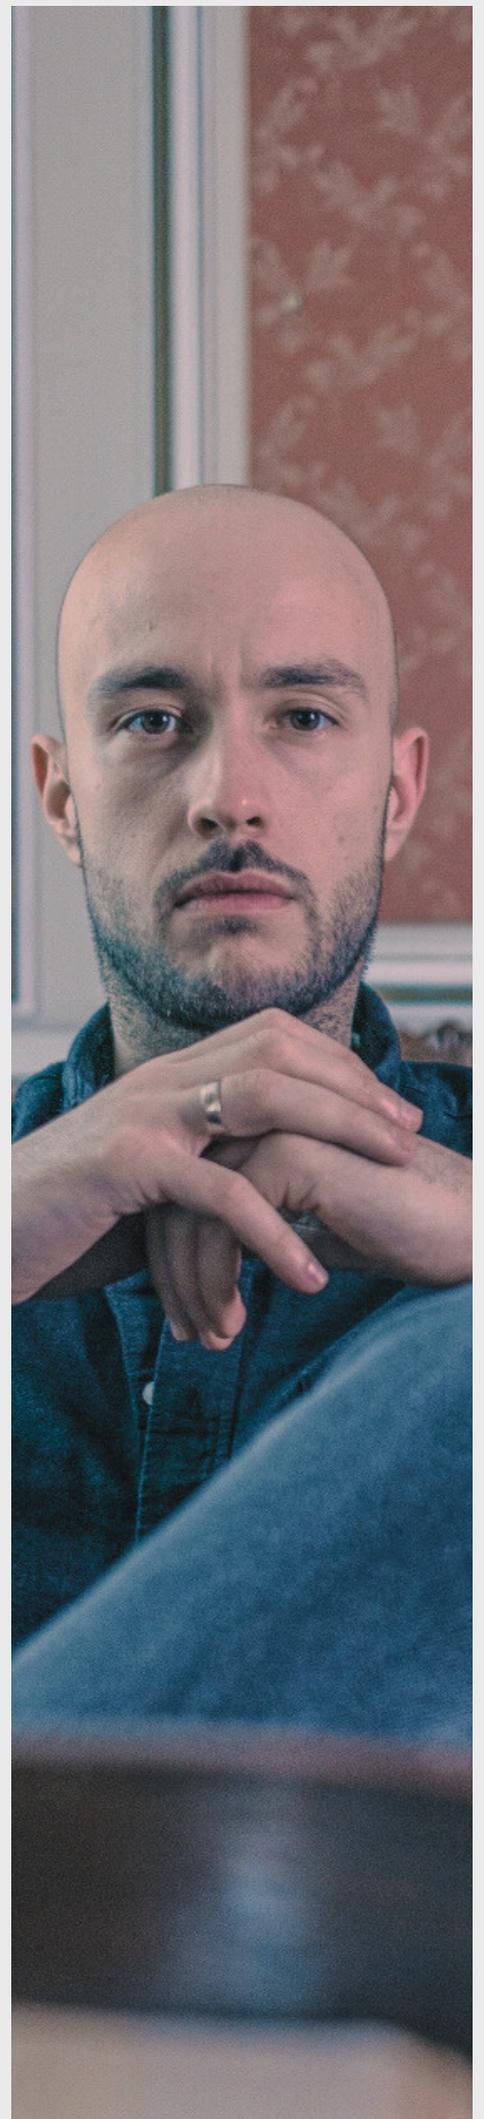

I'm Yavor, a musician, singer, and songwriter hailing from the coastal city of Varna, Bulgaria. My musical journey started a little differently – I rediscovered my passion for music later in life and began from the ground up. I quickly realized my voice was my true instrument, and I've spent years honing it. Soon after, my desire to create my own music led me to the guitar, which now accompanies every gig, songwriting session, or jam for fun.

In 2016, I formed a band called **KASHMIR**, which has undergone transformations in both sound and members, but has always been at the core of my musical identity. After a couple of years of dedication, we became winners in the **Wild Child Festival 2018 Contest** for young rock bands. KASHMIR definitely helped shape who I am as an artist today.

Now, my focus is on my solo project, where I create original songs in the genre of alternative/pop rock and bring them to life on stage.

Let's see where the music takes us next!

# THE MELODY WITHIN

Drawing inspiration from a rich tapestry of musical influences, I blend the roots of alternative rock with the marks of pop and modern indie melodies. My passion for storytelling and sharing personal experiences has captivated audiences through raw emotion and authenticity.

## ECHOES OF MY MUSIC

I've released several singles and an album titled "Мислите изречени на глас", which sparked interest in my music and gave me invaluable experience as an artist. Known for my introspective lyricism and energetic live performances, my music can be found on radio stations, streaming platforms, and popular playlists, gaining traction with a growing audience.

During the Covid-19 pandemic, I won a brand new Kremona M10 acoustic guitar from a contest organized by **Kremona Bulgaria**, which has played a vital role in my songwriting and performing activities.

With new music on the horizon, I'm ready to make my mark on the local indie music scene, continuing to share my story through every note and lyric.

# MUSIC SAMPLES

I enjoy writing my songs in both Bulgarian and English. Each language allows me to express different sides of my music and emotions, giving me the freedom to connect with a wider audience while staying true to my roots.
